## EDUCATION

---

**JURIS DOCTOR**, Dec. 2006 | Golden Gate University School of Law, San Francisco, CA

*Concentration Certificates:* Env. Law, Public Interest Law

*Study abroad:* University of Florida, Costa Rica Env. Law Program, 2005

Courses in natural resource protection; California, federal and international environmental law; land use regulation and regulatory takings; and administrative law.

**MASTER OF ENV. MANAGEMENT**, May 2001 | Duke University, Durham, NC

Nicholas School of the Env., *Concentration:* Environmental toxicology, chemistry and risk assessment.

*Master's thesis:* Particulate matter formation at an open air swine waste lagoon.

Courses in environmental and aquatic toxicology and chemistry, risk assessment and communication, molecular biology, hydrology, statistics, epidemiology and pharmacology.

**BACHELOR OF SCIENCE**, August 1998 | University of Oregon, Eugene, OR

*Major:* Environmental studies. *Minor:* Biology

*Studies abroad:* University of Iceland Artic Biology Program, 1997; Semester at Sea, 1997

## PROFESSIONAL EXPERIENCE

---

**Senior Attorney and Director, Legislative and Regulatory Affairs**, Climate and Energy Program, Environmental Defense Fund, Los Angeles, CA (July 2015 – present)

Other positions held at EDF:

- Senior Attorney, (2014 – present)
- Director, California Climate Initiative (2011 – 2015)
- Climate Change Policy Analyst and Attorney (2009 – 2011)
- Regulatory Advocate (2007 – 2008)

For the past six years I have held senior positions at EDF, one of the nation's preeminent environmental non-profit institutions. Through this work I have led teams of talented staff and consultants to develop and implement tangible, nation-leading solutions to complex environmental problems focused on climate change, clean energy, transportation infrastructure and natural gas - just to name a few. Within this work, and in alignment with organizational principles, I:

- Build and deploy coalitions of business, academic and environmental voices in support of innovative policy solutions before California agencies, courts and the legislature;
- Present before audiences of leading thinkers in business, government, academics and law across the nation in support of EDF's policy solutions and ideas;
- Lead inter-departmental collaboration committees for program staff and legal experts, including managing coordination with nationally and internationally oriented EDF staff
- Create and manage long-term work plans and budgets for full-time staff and consultants, including establishing and overseeing external grants and formal partnerships;
- Develop, pitch for, and earn generous gifts and grants from philanthropic organizations and individuals in support of EDF's work;

- Write, advocate for and help pass nation-leading legislation, with past efforts already yielding tangible environmental returns;
- Craft and present compelling legal and policy arguments before state and federal courts, administrative agencies and legislative committees;
- Lecture interested business, academic and public groups on EDF initiatives and solutions
- Interact directly with members of the media, as well as develop and deploy external communications campaigns to earn positive media coverage of EDF's work and initiatives.

Prior to my current assignment as a Director in EDF's Climate and Energy program, for five years I served in a series of progressively elevated roles as an attorney and analyst to develop and defend market-based and direct regulatory solutions related to clean energy integration; cap-and-trade program design; low carbon fuel deployment; carbon capture and sequestration; emissions reporting; waste management; power plant siting and divestment.

**Senior Air Quality Inspector**, Bay Area Air Quality Management District, Enforcement Division  
San Francisco Bay Area, CA (Sep. 2001 – Dec. 2006)

Positions held at BAAQMD: Senior Air Quality Inspector (2005 – 2006)  
Air Quality Inspector II (2003 – 2004)  
Air Quality Inspector I (2001 – 2003)

For five years I served in a series of progressively elevated roles in environmental enforcement, audit and rule development at one of the nation's leading air quality regulatory agencies. Within this role, I:

- Conducted on-site assessment of environmental management systems and plant operations with an emphasis on petroleum refineries, landfills, power plants, fuel terminals, natural gas production sites, and heavy industrial manufacturing facilities.
- Performed operations and engineering analysis for compliance with state and federal laws and permits, investigated violations and air pollution release events, and lead industry compliance and rule development audits.
- Collaborated with outside enforcement agencies in task forces and case development; coordinated with in-house legal counsel and local District Attorneys; and assisted agency engineers perform permit renewals and revisions.
- Assisted new regulation development through writing and reviewing drafts of new and amended rules and policies, participating in community workshops and industry workgroups, designing and implementing industry audits, and preparing briefing reports for agency management.

**Law Clerk**, U.S. Department of Justice, Environment and Natural Resources Division  
San Francisco, CA (Sep. 2005 – Dec. 2005)

- Researched, drafted memoranda and court filings for ongoing CERCLA and Clean Water Act cases. Briefed cases and regulations for staff attorneys; organized and summarized expert witness filings; participated in case management using CaseMap software; reviewed case documents prior to filing; attended settlement conferences for an ongoing Superfund case.

**NNEMS Fellow**, U.S. Environmental Protection Agency Office of Air Quality  
Research Triangle Park, NC (June 2000 – May 2001)

- Provided vital technical and organization assistance for a national conference on animal feeding operations and air quality. Performed air monitoring at swine waste lagoons using federal reference method particulate sampling devices and analysis techniques.

## **RELEVANT PROFESSIONAL MEMBERSHIPS & CERTIFICATIONS**

---

- Member of the Board of Directors for the California League of Conservation Voters
- Member of the Board of Directors for the California Foundation on Economy and the Environment
- District of Columbia Court of Appeals, Bar # 1029800, active (Admitted 2015)
- Certified Qualified Environmental Professional (QEP) issued by the Institute of Professional Environmental Practice, Pittsburgh, PA (Reissued July 2015)
- U.S. Court of Appeals for the Ninth Circuit (Admitted 2012)
- U.S. District Court for the Eastern District of California (Admitted 2012)
- State Bar of California, Bar # 250490, active (Admitted July 2007)
- Certified Hazardous Materials Manager (CHMM) certification (2003), (expired)

## **RELEVANT TECHNICAL & POLICY WORKING GROUPS**

---

- Los Angeles County Oil and Gas Strike Team Advisory Panel, District 2 representative (2016-present)
- US EPA Peer Review Panel Member for Grant Program on Environmental Impacts and Behavioral Drivers of Deep Decarbonization (2016 to present)
- Los Angeles Community Forest Advisory Committee, District 5 representative (2015 – present)
- California Energy Commission Technical Advisory Committee (TAC) to develop long-term energy scenarios for the energy system (2016)
- Bay Area Air Quality Management District Advisory Council (2012 – 2015)
- California Air Resources Board, Greenhouse Gas Reduction Protocol for Mine Methane Offsets in the California Cap-and-trade regulation Working Group (2013)
- Center on Climate and Energy Solutions (C2ES), GHG Accounting Method for Carbon Capture and Sequestration Projects Working Group (2011)
- California Air Resources Board, Air Quality Guidance for Siting Biorefineries in California Working Group (2011)
- Climate Action Reserve, Landfill Methane Project Protocol Working Group (2009)
- Western Governors Association, Western Regional Air Partnership, Oil and Gas Production Technical Workgroup (2009)
- Climate Action Reserve Livestock Manure Management Protocol Working Group (2007)

## SELECT RELEVANT PROCEEDINGS & CASES

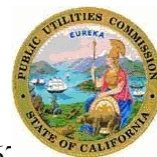

---

- (Ongoing) I. 17-02-002, Order Instituting Investigation pursuant to Senate Bill 380 to determine the feasibility of minimizing or eliminating the use of the Aliso Canyon natural gas storage facility located in the County of Los Angeles while still maintaining energy and electric reliability for the region; Currently represent EDF as a Party at the CPUC
- (Ongoing) R. 15-01-008, Rulemaking to Adopt Rules and Procedures Governing Commission Regulated Natural Gas Pipelines and Facilities to Reduce Natural Gas Leakage Consistent with Senate Bill 1371; Currently represent EDF as a Party at the CPUC
- (Ongoing) R.14-03-003, Pacific Gas and Electric General Rate Case; Currently represent EDF as a Party at the CPUC
- (Ongoing) Rocky Mountain Farmers Union v. Corey, Case no: 1:09-cv-02234-LJO-BAM Currently act as co-counsel for EDF as an Intervenor-Defendant in Support of California's Low Carbon Fuel Standard (LCFS) before the U.S. District Court for the Eastern District of California; Favorable decisions rendered in the 9th Circuit Court of Appeals and U.S. Supreme Court
- (Ongoing) Doc. 08-AFC-08A, Application for the Hydrogen Energy California Power Plant Project ("HECA"), California Energy Commission (CEC); Currently represent EDF as a Party in support of environmental integrity standards related to the use of carbon dioxide for sequestration in the Elk Hills Oil field
- A.14-11-003 and A.14-11-004, San Diego Gas & Electric Company and Southern California Gas Corporation General Rate Case; Represented EDF as a Party at the CPUC
- Our Children's Earth et al., v. California Air Resources Board, Case No. A138830; Represented EDF as an Intervenor-Defendant in Support of California's cap-and-trade regulation before the California Court of Appeal, Final judgment issued in 2015 in support of EDF position
- Docket No. ER12-1856-000, et al., Order 741 tariff filing with the Federal Energy Regulatory Commission (FERC) by the California Independent System Operator (CalISO) (2012 – 2013); Represented EDF as an Intervenor-Party in support of the CAISO before the FERC
- A.11-06-006, Application of San Diego Gas & Electric Company (U902E) for Adoption of its Smart Grid Deployment Plan (2011); Represented EDF as a Party in comment on SDG&E's deployment plan; Final decision issued in support of EDF position
- A.10-11-010, Application of Southern California Edison Company (U 338-E) for Approval to Sell its Interest in Four Corners Generating Station before the CPUC (2010 – 2011); Represented EDF as a party in support of divestment; Final decision issued in support of EDF position
- R.10-12-007, Rulemaking Pursuant To Assembly Bill 2514 to Consider the Adoption of Procurement Targets for Energy Storage Systems (2010 - 2011); Represented EDF as a Party; Final decision issued in partial support of EDF position
- California Energy Comm. v. Superior Court of the State of California, Riverside, Case No. RIC10005849 (2010); Amicus Curiae Brief submitted to the California Supreme Court in support of CEC Program; Final judgment issued in 2010 in support of EDF position

## Amanda Johnson

22 Woodward Street • San Francisco, CA 94103 • ajohnson3@law.gwu.edu • 858-204-7674

**FILED**

8-15-17  
6:25 PM

*Bar Membership:* The State Bar of California (303457), the United States District Court for Northern District of California, and the United States Court of Appeals for the Ninth Circuit

### EXPERIENCE

#### **Environmental Defense Fund**

San Francisco, CA

*Attorney, Climate and Energy, Oil and Gas Subprogram*

September 2015 - present

- Lead attorney on natural gas proceedings at the CPUC, responsibilities include: keeping track of the cases, making appearances, leading negotiations, and researching, drafting and editing submissions
- Lobbied State Legislators, informing them of the EDF position on proposed environmental legislation
- Researched, drafted and edited briefs in defense of California climate and clean air regulations for California and Federal Courts

*U.S. Climate and Energy Legal Fellow*

October 2014 – August 2015

- Researched, drafted and edited briefs and other submissions to the CPUC, CARB, and state courts
- Negotiated and drafted settlement agreements with opposing parties in litigation
- Cross-examined witness in quasi-judicial hearing at the CPUC on technological capabilities
- Drafted and presented EDF's position on upcoming regulations at the CPUC and CARB

#### **Distributed Sun, LLC**

Washington D.C.

*Law Clerk for the General Counsel*

March 2014 – June 2014

- Reviewed and revised contracts for solar projects and siting; reviewed and commented on patent applications
- Researched current state regulations and incentives, and advised the general counsel on the installation of microgrids to promote renewable energy, and specifically for commercial solar installations

#### **Environmental Protection Agency, Honors Law Clerk**

Washington D.C.

*Suspension and Debarment Program, Intern for the official*

May 2013 – November 2013

- Drafted and edited notices and decisions, for suspensions and proposed debarments
- Drafted legal memoranda and opinions on issues for current cases
- Attended presentation of matters in opposition meetings, and administrative agreement negotiations
- Attended negotiations, and drafted and edited notices and decisions for *Deepwater Horizon*

*Office of Enforcement and Compliance Assurance, Water Enforcement Division*

January 2013 – April 2013

- Drafted, and edited consent decrees and rule makings under the CWA and the SDWA
- Analyzed and drafted legal memoranda pertaining to current enforcement actions with municipalities under the CWA and the SDWA
- Attended weekly lectures by experts in the agency on other environmental legal topics

#### **United States District Court for the Central District of California**

Los Angeles, CA

*Extern for the Honorable Magistrate Judge Wistrich*

June 2012 – August 2012

- Edited and drafted legal opinions for discovery orders, motions in limine, and summary judgments
- Researched legal issues relevant to cases, and trial procedure including voir dire and jury instructions
- Viewed trials, hearings, and attended seminars on bankruptcy courts and other legal topics

### EDUCATION

#### **The George Washington University Law School**

Washington D.C.

J.D. Achieved

May 2014

*Activities:*

Member of the Journal of Energy and Environmental Law

Member of the Alternative Dispute Resolution Board

*GPA:*

3.376

#### **University of California Santa Barbara**

Santa Barbara, CA

Major: B.S. in Environmental Science, emphasis in ecology

Minor: Global Peace and Security

June 2010

*Study Abroad:*

Copenhagen University, Copenhagen, Denmark (Summer and Fall 2008)

### **PROFILE**

Accomplished administrative law professional focused on utility regulation and the environment, with significant experience in energy efficiency, demand response, consumer engagement, utility rate regulation and energy policy.

### **KEY ACCOMPLISHMENTS AND QUALIFICATIONS**

- Provide legal and policy guidance to the Environmental Defense Fund with particular focus on the following proceedings at the California Public Utilities Commission & CAISO: Demand Response, Long-Term Procurement Planning & Resource Adequacy, Residential Rates/Time-Variant Pricing, Natural Gas Greenhouse Gas Emissions, and General Rate cases.
- Lead counsel on the Washington Gas Light Company rate proceeding, wherein the Office of the People's Counsel was successful in defeating substantial claims asserted by the utility for a rate increase. As lead, I successfully defeated the utility's proposed \$50 million pipeline replacement program as unwarranted. Ultimately, the utility was granted less than 30% of the requested rate increase.
- Lead representative on the Productivity Improvement Working Group tasked with reviewing and analyzing proposed utility projects for cost/benefit to consumers, reviewing resource planning and vegetation management plans to ensure adequate reliability.
- Co-lead representative of the Office of the People's Counsel on the Board of Directors of the PowerCentsDC pilot program designed to test customer engagement with advanced pricing signals for electric service. The pilot program was conceived by the Office and included the participation of the local electric utility, the public service commission and the local union of electrical workers.
- Represented the Office on the Mayor's Pipeline Undergrounding Task Force and the Emergency Response Subcommittee of the Task Force to address the adequacy of electric service in the District and the cost/benefits of undergrounding primary and secondary cable to address issues of reliability.

## **PROFESSIONAL EXPERIENCE**

CONSULTANT, Walnut Creek, CA  
*Environmental Defense Fund*

2013-2016

- Provide public utility regulation advocacy and policy overview, including both written and oral representation for the Environmental Defense Fund as an expert consultant. Responsible for ensuring that EDF's core Clean Energy work, including demand response, is represented in the long-term planning process, resource adequacy, demand response, alternative vehicle and time-of-use proceedings, while contributing to the overall effort in California.
- Serve as lead on the Demand Response proceeding settlement negotiations.
- Serve as lead on Phase I Sempra and Pacific Gas & Electric rate proceedings, including filing of testimony, conducting cross-examination and settlement negotiations.

OFFICE OF THE PEOPLE'S COUNSEL, Washington, D.C.  
*Supervisor of Litigation*  
*Assistant People's Counsel*

2010-2013

2003-2010

- Responsible for the supervision and management of the Litigation Division personnel of the Office, consisting of attorneys, technical and administrative staff. Responsibilities include the supervision and management of all tasks, deadlines, submissions and external meetings assigned to the Litigation Division and its personnel.
- Review and analyze complex financial, regulatory and legal applications and statements from public utilities. Responsibilities include the issuing of discovery and discovery responses, testimony and briefs and conducting cross-examination and oral advocacy during litigation.
- Direct and manage financial and legal consultants and Office staff during administrative hearings and investigations. Responsible for the project management of formal proceedings before the Public Service Commission, including the quantity and quality of work produced by outside and internal staff.
- Responsible for the drafting and editing of all Litigation Division consumer outreach materials, including the Annual Report, consumer Fact Sheets, web articles and Mid-Year updates. In addition to the published materials, responsible for the coordination and participation of in-person briefings for both Office staff and external stakeholders on Litigation Division activities.
- Responsible for communicating the Litigation Division policy positions and activities into understandable text and ideas for lay consumers, council members, and other non-legal stakeholders.
- Responsible for the policy, litigation strategy and program development of Litigation Division pleadings and documents.
