**BEFORE THE PUBLIC UTILITIES COMMISSION  
OF THE STATE OF CALIFORNIA**

Application of Pacific Gas and Electric Company for Authority, Among Other Things, to Increase Rates and Charges for Electric and Gas Service Effective on January 1, 2017 (U39M).

Application No. 15-09-001  
(Filed September 1, 2015)

**MOTION OF THE COUNTY OF SAN LUIS OBISPO FOR  
PARTY STATUS**

Pursuant to Rules 1.4 and 11.1 of the Commission’s Rules of Practice and Procedure, the County of San Luis Obispo (“County”) submits this motion to become a party in this proceeding.

The County is home to PG&E’s Diablo Canyon nuclear power plant. Diablo Canyon is a significant source of property tax revenue for the County, employs a large number of County residents, provides financial support for various community programs, and, naturally, contributes to the monthly energy bills County residents pay to PG&E. Because costs related to Diablo Canyon’s operations, maintenance, and depreciation are included in PG&E’s general rate case, the County has a vested interest in this proceeding. For this reason, the County requests party status in order to allow full participation by the County in the Commission’s process for review and consideration of PG&E’s Diablo Canyon-related costs.

No party will be prejudiced by the County’s participation in this proceeding.

Communications to the County in this proceeding may be directed to:

The County respectfully requests that the Commission grant its motion and allow the County to participate as a party in this proceeding.

Respectfully submitted July 15, 2016 at San Francisco, California.
