Subject: ALJ Response and further direction regarding A.15-09-001 Notice of Availability - Exhibits to Rafferty Comments on Intervenor Compensation

Mr. Rafferty and Service List for A.15-09-001,

The purpose of this e-mail is to provide a procedural update regarding the Commission's consideration of the Proposed Decision (PD) in this matter.

When Mr. Rafferty filed and served his comments on the PD on August 20, 2018 he encountered some technical problems such that the Exhibits were not successfully e-filed. Accordingly, I am taking or directing the following procedural actions:

1. The PD in this matter has been removed from the Agenda for the Commission's September 13, 2018 voting meeting, and will be placed on the Agenda for the Commission's October 11, 2018 voting meeting in order to allow adequate time for the following steps to be taken:
2. Regarding the 2 volumes of Exhibits:
 - a. Much or all of the material in the Exhibits appears to be extra-record material, so Mr. Rafferty must file and serve a motion seeking to admit that material into the record. Under the Commission's Rules of Practice and Procedure, Mr. Rafferty may also, separately, file a motion requesting shortening of time for responses to his motion, if deemed necessary.
 - b. Until today, I myself had not received service of any "notice of availability" of Mr. Rafferty's Comments or Exhibits so I have no way of knowing if parties knew of or had access to that material at the time Reply Comments on the PD were due (August 27, 2018). Therefore, I intend to set a new deadline for Reply Comments on the PD, once the other procedural items have been completed.
 - c. Mr. Rafferty, as you know, you have sent via postal mail 2 attempts to provide me with a complete paper copy of the Exhibits as required pursuant to Rule 1.10 (e). The first set was missing a number of pages, and I informed you of that via e-mail and asked that you send a replacement set. I received the replacement set, but there are three unnumbered pages following page 094 that appear to have been copied at the wrong scale and have material cut off. Therefore, I request that you send me, via postal mail, ONLY those 3 pages, after ensuring that they are accurately numbered and scaled as you intended.
 - d. Regarding the e-filing technical problems, I am going to make a "non-precedential exception" to the Commission's e-filing rules, and ask that you send me, via postal mail, a CD or other electronic media that contains a complete and correct version of whatever Exhibits you are requesting, via the motion required in 2.a. above, be admitted into the record. I will work with Commission staff to ensure that the Exhibits are placed on the Docket page for this proceeding.
 - e. I will also point out that the Exhibit volumes 1 and 2 appear to total 193 pages, but you have also provided a link in your "notice of availability" today to "Selected Excerpts" and the purpose of that document should be clearly stated in any motion that you file, if you wish to enter that document into the record. To avoid confusion later on, I will note today that I have examined the document (not its contents) and I see the notation of "Exhibit B Omitted" with no explanation, and the final page of the Excerpts appears to be a duplicate of page 019.
3. To sum up, if you file and serve a motion seeking to admit the Exhibits into the record, when you send that motion to me via postal mail as required pursuant to Rule 1.10 (e), I suggest that you include in the same envelope the 3 missing pages described in 2.c. above and the CD described in 2.d. above. The motion, of course, should also have a complete version of the Exhibit volumes attached in paper form.

Finally, my purpose in requiring these actions is to ensure that the Commission has available to it the material that Mr. Rafferty wishes to submit to support his August 20, 2018 comments on the PD, but that I do so in a manner that is known and transparent to parties. Therefore, I ask that any questions

about the above, from Mr. Rafferty or any other party, be "cc'd" to the entire Service List. I do not wish to receive any communication from any party regarding this matter that is not "cc'd" to the entire Service List.

Thank you,

Stephen C. Roscow

Subject: A.15-09-001 Notice of Availability - Exhibits to Rafferty Comments on Intervenor Compensation

I am retransmitting this notice of availability to the service list updated as of today, as I understand some parties have not received it. I apologize for any duplication.

When the PDF/A:3a-compliant versions were converted to PDF/A:1b, the size unexpectedly increased to over 20M. I was able to provide reduced-sized exhibits to the Commission the following morning, which are available at the following links. To avoid the confusion of sending multiple versions, I have awaited guidance from the docketing office confirming that these are acceptable. Parties requiring disabled-accessible versions may contact me.
