**PART I: PROCEDURAL ISSUES**  
(To be completed by the party ("customer") intending to claim intervenor compensation)

<b>A. Status as "customer" (see Pub. Util. Code § 1802(b)):</b> The party claims "customer" status because the party is (check one):	<b>Applies (check)</b>
1. A <b>Category 1</b> customer is an actual customer whose self-interest in the proceeding arises primarily from his/her role as a customer of the utility and, at the same time, the customer must represent the broader interests of at least some other customers.	<input type="checkbox"/>
In addition to describing your own interest in the proceeding you must show how	

<sup>1</sup> DO NOT CHECK THIS BOX if a finding of significant financial hardship is not needed (in cases where there is a valid rebuttable presumption of eligibility (Part III(A)(3)) or significant financial hardship showing has been deferred to the intervenor compensation claim).

<p>your participation goes beyond just your own self-interest and will benefit other customers.</p>	
<p>2. A <b>Category 2</b> customer is a representative who has been authorized by actual customers to represent them. Category 2 involves a more formal arrangement where a customer or a group of customers selects a more skilled person to represent the customer's views in a proceeding. A customer or group of customers may also form or authorize a group to represent them, and the group, in turn, may authorize a representative such as an attorney to represent the group.</p> <p>A representative authorized by a customer must identify the residential customer(s) being represented and provide authorization from at least one customer. <i>See</i> D.98-04-059 at 30.</p>	<p><input type="checkbox"/></p>
<p>3. A <b>Category 3</b> customer is a formally organized group authorized, by its articles of incorporation or bylaws to represent the interests of residential customers or small commercial customers receiving bundled electric service from an electrical corporation.<sup>2</sup> Certain environmental groups that represent residential customers with concerns for the environment may also qualify as Category 3 customers, even if the above requirement is not specifically met in the articles or bylaws. <i>See</i> D.98-04-059, footnote at 3.</p>	<p><u>X</u></p>
<p>The party's explanation of its customer status must include the percentage of the intervenors members who are residential ratepayers or the percentage of the intervenors members who are customers receiving bundled electric service from an electrical corporation, and must include supporting documentation: (i.e., articles of incorporation or bylaws).</p> <p>TURN is a Category 3 "group or organization authorized pursuant to its articles of incorporation or bylaws to represent the interests of residential ratepayers." TURN provided the relevant portion of our articles of incorporation in the NOI submitted in A.98-02-017, and again in A.99-12-024. Most recently, TURN submitted our articles of incorporation and bylaws in A.10-11-015 on May 17, 2011. On October 15, 2015, TURN's Board of Directors adopted amendments to TURN's bylaws and articles of incorporation. However, at the time of filing of this NOI, these documents have not been finalized, as they are still undergoing execution by the President and Secretary of TURN's Board of Directors. TURN expects this process to be completed in the near future, and TURN will amend this NOI to provide the newly revised bylaws and articles of incorporation shortly thereafter.</p> <p>TURN has approximately 20,000 dues-paying members, of whom we believe the vast majority are residential ratepayers. TURN does not poll our members in a manner that would allow a precise breakdown between residential and small business members, so a precise percentage is not available. Similarly, TURN believes that the</p>	

<sup>2</sup> Intervenors representing either a group of residential customers or small commercial customers who receive bundled electric service from an electrical corporation, must indicate in Part I, Section A, Item #4 of this form, the percentage of their members who are residential customers or the percentage of their members who receive bundled electric service from an electrical corporation. The NOI may be rejected if this information is omitted.

vast majority of our members receive bundled electric service from an electrical corporation. TURN does not poll our members in a manner that would allow a precise breakdown between those who receive bundled electric service from an IOU, those who receive electric service from a municipal utility and gas service from an IOU, and those who might be a CCA customer or Direct Access customer.	
Identify all attached documents in Part IV.	
Do you have any direct economic interest in outcomes of the proceeding? <sup>3</sup>  Yes: <input type="checkbox"/> No: <input checked="" type="checkbox"/>  If “Yes”, explain:	

<b>B. Conflict of Interest (§ 1802.3)</b>	<b>Check</b>
1. Is the customer a representative of a group representing the interests of small commercial customers who receive bundled electric service from an electrical corporation?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2. If the answer to the above question is “Yes”, does the customer have a conflict arising from prior representation before the Commission?	<input type="checkbox"/> Yes <input type="checkbox"/> No
<b>C. Timely Filing of Notice of Intent (NOI) (§ 1804(a)(1)):</b>	<b>Check</b>
1. Is the party’s NOI filed within 30 days after a Prehearing Conference? Date of Prehearing Conference: <u>10/29/2015</u>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2. Is the party’s NOI filed at another time (for example, because no Prehearing Conference was held, the proceeding will take less than 30 days, the schedule did not reasonably allow parties to identify issues within the timeframe normally permitted, or new issues have emerged)?	<input type="checkbox"/> Yes <input type="checkbox"/> No
2a. The party’s description of the reasons for filing its NOI at this other time: N/A	
2b. The party’s information on the proceeding number, date, and decision number for any Commission decision, Commissioner ruling, Administrative Law Judge’s ruling, or other document authorizing the filing of NOI at that other time: N/A	

**PART II: SCOPE OF ANTICIPATED PARTICIPATION**  
(To be completed by the party (“customer”) intending to claim intervenor compensation)

<b>A. Planned Participation (§ 1804(a)(2)(A)(i)):</b>
The party’s statement of the issues on which it plans to participate:

<sup>3</sup> See Rule 17.1(e).

As in recent GRCs, TURN expects to address all the major components of the revenue requirement (expense, taxes, depreciation), including evaluating numerous capital and expense cost issues related to the various functions of PG&E's gas and electric service (distribution, generation, customer service costs, administrative and generation expenses, human resources, etc.).

The party's explanation of how it plans to avoid duplication of effort with other parties:

The Commission's Office of Ratepayer Advocates (ORA) is also a party to this proceeding and, like TURN, generally represents ratepayer interests by addressing a broad range of revenue requirement and other issues. A number of other intervenors appear likely to play an active role in this proceeding on behalf of ratepayers, including but not limited to the Consumer Federation of California, Center for Accessible Technology, the National Diversity Coalition, the Alliance for Nuclear Responsibility, Friends of the Earth, Small Business Utility Advocates, and Environmental Defense Fund. However, these intervenors tend to focus on more specific subsets of issues. As in past GRCs, TURN expects to coordinate closely with ORA and other intervenors with interests similar to ours in order to minimize potential overlap in issues and to ensure that where such overlap occurs, each party is presenting a unique analysis.

The party's description of the nature and extent of the party's planned participation in this proceeding (to the extent that it is possible to describe on the date this NOI is filed):

TURN has already participated actively in this proceeding, including conducting extensive discovery, filing a protest and prehearing conference statement, and participating in the prehearing conference. TURN intends to continue our active participation by conducting further discovery, preparing intervenor testimony, preparing rebuttal testimony, participating in evidentiary hearings, preparing opening and reply briefs, filing any other necessary pleadings, and responding to the proposed decision.

**B. The party's itemized estimate of the compensation that the party expects to request, based on the anticipated duration of the proceeding (§ 1804(a)(2)(A)(ii)):**
